his report hereunder, states that Mr. Barker's homestead is for sale and that he has free access to the lake on the section line. The Inspector adds that Mr. Callus, although he would have to travel between three and four miles during summer with a team to work the parcel under consideration, is willing to do so. By boat or by the ice Mr. Callus only has to travel a distance of [illegible] yards.

Commenting Mr. Davidson's application the Inspector states that he requires the fractional parcel badly "for a road to get south to road allowance along the south side of section as he is building on lake shore and has to go a roundabout poor road to get out any other way."

The Inspector recommends that Mr. Davidson be permitted to purchase the Red Wild on the west side of this fraction for a lane or road south and that the balance of the said fractional parcel be added to Mr. Callus' homestead. He values the land at $5.00 an acre.

Mr. Barker has advised the Department that it is as difficult for him to go north as it is for Mr. Davidson to go south and that the town is situated to the north.

17th August, 1913.

Memorandum:

Conflicting applications of Stanley C. Parker, C.S. Collas, and L.W. Davidson to purchase frac. L.S. 2 Lying west of the lake, of 18--46--11. W. 4th M., containing 159.4 acres, shown on the attached sketch coloured green. Situated 7 miles southwest of Pinemore, Alta. Available.

Mr. Parker, in September 1911, was granted homestead entry for the S.W.¼ of the same section, shown on the sketch coloured pink. He now asks that he may fence the land in order to gain access to the water for his stock.

Mr. Collas, in November last, was granted homestead entry for that portion of the S.E.¼ of said section 18, lying west of the lake, containing 14.5 acres and shown on the sketch coloured orange.

Mr. Davidson, in July 1911, was granted homestead entry for the N.W.¼ of said section 18, and claims one-half of the portion of the said quarter section, coloured blue, homestead entry for which was issued in May, 1912 to John Smithorne.

APR 25 1927
REGISTRATION BRANCH
PRIVY COUNCIL
APR 11 1927

The Committee of the Privy Council have had before them a Report, dated 4th April, 1927, from the Minister of the Interior, submitting that on the 16th October, 1919, Leonard C. White of Rio Grande, Alberta, was granted a homestead entry for the South East quarter of Section 28, Township 70, Range 12, West of the 6th Meridian, under the provisions of Section 11 of the Dominion Lands Act, and soldier grant entry for the North West quarter of Section 13 in the same township, under the provisions of the Soldier Settlement Act.

Mr. White is a former member of the Canadian Expeditionary Force who, while on active service, contracted chronic arthritis and chronic bronchitis, for which, on his discharge in June, 1919, he was granted pension at the rate of 20%.

The pensioner made his entries for the lands referred to with the intention, and in the expectation, of fulfilling the settlement conditions prescribed by law. In pursuance thereof, Mr. White has submitted evidence of the performance of more than sixteen months residence and the following improvements on the half-section: cultivation of sixty acres and two and three-quarter miles of fencing valued at $258.00, besides a house, stable and well, for which he paid $370.00 when he made entry.

The Honourable
the Minister of the Interior.

Published in the Canada Gazette
of [illegible]
for the four consecutive weeks

5123261

The Minister submits copies of a report from W.H. Scott, M.D., of Edmonton, certifying as to the unfitness of Mr. White to undertake heavy work of any kind, and of the Board of Pension Commissioners for Canada, indicating that Mr. White is now in receipt of pension at the rate of 40% for his disability, which would show that he is physically incapacitated for the performance of further settlement duties.

Under the circumstances, the Minister recommends, under the provisions of sub-section 2 of section 20 of the Dominion Lands Act, in the case of the homestead, and under the provisions of the Order in Council of the 23rd May, 1921, P.C. 1471, in the case of the soldier grant, that any further residence duties on the part of Mr. White aforesaid in respect of such entries, be remitted.

The Committee concur in the foregoing recommendation and submit the same for approval.

Clerk of the Privy Council.

Application of Leanord Rumley to purchase the frac. N.W.¼ 26--73--7, W. 6th M.,
containing 60 acres.
Shown on the attached sketch outlined in green.

I beg to submit for your consideration the application above referred to. The land applied for is available according to the records of the Department and the applicant in October last obtained homestead entry for the adjoining fractional N.E.¼ of Section 27, containing 176.2 acres and shown on the sketch outlined in red.

Mr. Homestead Inspector Key in his report hereunder states:

"This fraction of approximately 70 acres adjoins Mr. Rumley's homestead, the N.E.¼ 27--73--7, W. 5th and is very rough being mostly light timber and brush and about 20 acres marsh land, liable to overflow from the lake. It would require an enormous amount of labour to make it suitable for cultivation. I would, therefore, recommend that he be allowed to purchase same at $3.00 per acre."

If the sale is authorized it will require to be subject to the applicant's earning title to his homestead.

Statutory Declaration

Canada

Province of Alberta

To Wit,-

In the matter of a parcel of land along the shores of Calling Lake staked by a Treaty Indian one Zambatiste Gambler under Orders from Mr.Conroy, Treaty Agent.

I, Zambatiste Gambler (Treaty Indian) of Calling Lake in the Province of Alberta do solemnly declare that I am a Treaty Indian. That a year ago last fall when treaty was being paid at Wabiscaw, I made application to Mr.Conroy, the Indian Agent, for a piece of land along the shore of Calling Lake, where I reside. Mr.Conroy told me I could get the land by staking it out not going too near David Grandbois (half-breed) place. The land was unsurveyed at that time and I staked out a piece along the shore of the lake for about two miles. I put in a stake as Mr.Conroy told me to do, and this last fall it was out up for homesteads and surveyed. I spoke to the surveyor when he came there and told him that Mr.Conroy the Treaty Agent had allowed me to take up a pice of land along the lake, and I showed him the piece of land. The surveyor told me that he had to cut up this land into quarter sections and could not make a reserve of it. And he surveyed the land I had staked under Mr.Conroy's instructions into homesteads.

This has been my home for thirty years.

And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act" 1893.

Declared before me at the Town of Athabasca in the Province of Alberta, this 15th day of February 1916.

DEPARTMENT OF INDIAN AFFAIRS CANADA

Ottawa, 2nd May 1916

Sir,-

Enclosed is a copy of a declaration forwarded by Superintendent A.E.C.McDonell, Commanding N.Division, North West Mounted Police, Athabasca. Mr.McDonell says that the Indian Zambististe Gambler has been of great assistance to the police, that his request is a reasonable one and that he would strongly recommend that his request be granted in order that he may retain the land at Calling Lake on which it appears he has lived for thirty years.

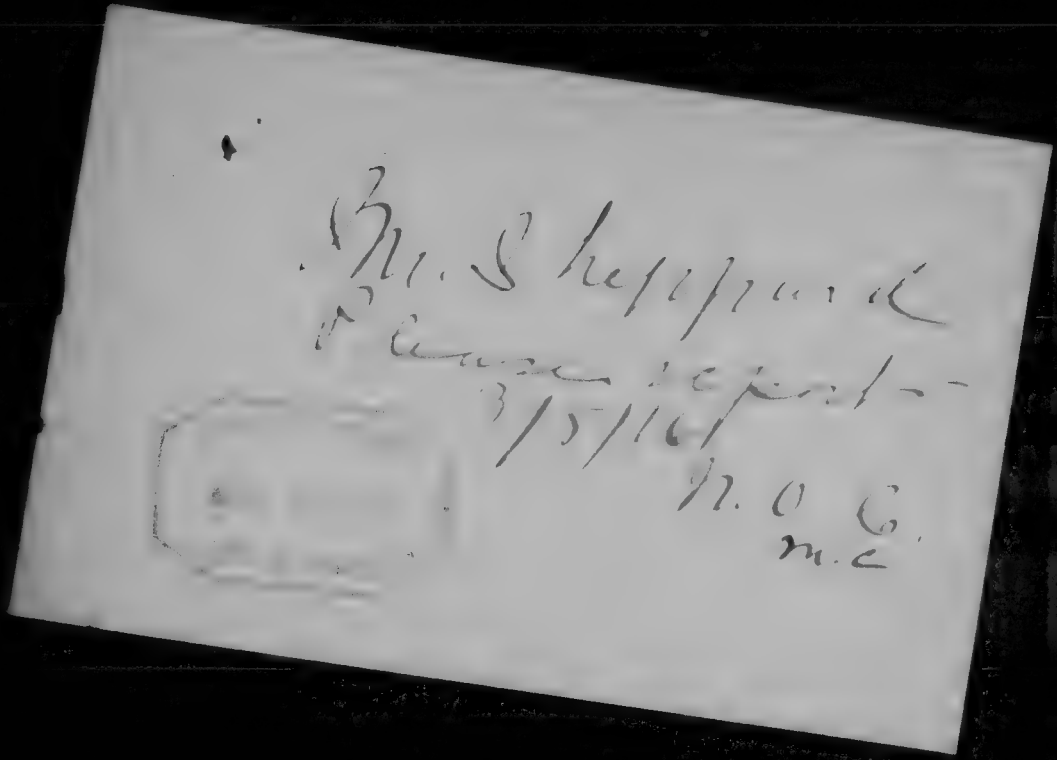

It appears to be included in a recent township survey. We are however unable to state in which ¼ section it is situated. Probably the reports of the surveyor may mention this man and his claim. If it is at all possible to locate this land, even approximately, I shall be obliged if you will be good enough not to make any disposition by sale or otherwise until we have been able to have it properly located. Please note that the Indian acted under instructions from our Inspector Mr.Conroy.

Sir,-

Re Zambatiste Gambler
near Calling Lake,
Your file 361760

I beg to acknowledge the receipt of your letter of the 21st March last, and to say that a statutory declaration for a claim in the north-west corner of township 72 Range 21 West of the 4th Meridian, was taken from Jean Baptiste Gambler by J.D. Pearson, D.L.S., and it is probable that this is the man referred to in your letter. The Surveyor in his letter enclosing the declaration reports as follows:-

> "In connection with the declarations of Gambler and Schmne, the former is a treaty Indian, but claims he has been promised a reserve of two square miles in the northwest corner of the township between the base line and the lake. He has lived in section 36-72-22 with his family continually until this spring when he moved down into section 30, and started fencing and building where Schmne had already started to plow, evidently trying to force him out. Schmne appears to have taken the land up thinking it unoccupied with the intention of starting to fur it."

I may add that a favourable Inspector's report has been called for respecting the claims of Messrs. Gambler and Schmne to the north-west quarter of section 30, Tp. 72-21 west of the 4th Meridian.

The Department of Indian Affairs, on the 2nd of May,1916, requested the reservation from disposition by sale or otherwise of this two square mile parcel until they could have it properly located.

The reservation is noted as nearly as possible on our records, but the exact location has not yet been defined.

Under a decision of the Deputy Minister the claims of all individual Indians are to be recognized by reservation of the lands claimed; in this connection I would refer you to my Memorandum of the 14th ultimo to Mr. Greenway on File 3850501.

The preliminary plans of these two townships were transmitted to the Agent of Dominion Lands and he was instructed to throw the available lands open for entry, which he did.

Mr. Cameron, the squatter on the South west of 20, was given the usual option to make entry.

The Agent was informed that he would be advised separately respecting the claims of David Grandbois for the east half of section 19, the claim of Elmer Shane for the North west of 30 all in township 72, range 21, west of the 4th meridian.

Mr. Sheppard.

Re Claim of Treaty Indian, Jean Baptiste Gambler, Sec.30-72-21-W.4th Mer.

Referring to Mr. McLean's letter of the 14th January, hereunder, respecting the claim of Jean Baptiste Gambler for the above section, and stating that now only one square mile of land is required instead of two square miles as mentioned in previous correspondence. It would appear that all the land in section 30 is available as the claim of Elmer Shane to the NW¼ 30 has been disallowed. In Mr. Hume's memorandum of the 13th May last it is stated that the squatter's, Shane, claim to the NE¼ 30 has been disallowed. I presume t is is meant to be the NW¼ 30, as upon inquiry at the Registration Branch they state there is no file for the NE¼ 30.

Does Mr. McLean's letter mean that the land within Section 30 will be sufficient to satisfy the claim of the Indian Gambler or must other land adjoining be selected in lieu of the part of the W.½ of 30 covered by water?

Department of the Interior

Canada

10th April, 1919.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report that under the conditions of Treaty No. 8 an Indian Reserve may be set apart for such families or individual Indians as may prefer to live apart from band reserves and to provide land in severalty to the extent of 160 acres to each Indian, and a request has been made by the Department of Indian Affairs for the setting apart, under the conditions of the aforementioned Treaty No. 8, for the Indian Jean Baptiste Gambler who has furnished a statutory declaration setting forth that he has a family of nine children. The land selected is comprised in Section 30, Township 72, Range 21, West of the Fourth Meridian, in the Province of Saskatchewan, containing an area of five hundred and seven and five tenths (507.5) acres, more or less.

The land being undisposed of and available for that purpose, according to the records of the Department of the Interior, the undersigned begs to recommend that the land comprised in Section 30, Township 72, Range 21, West of the Fourth Meridian, not covered by the waters of Calling Lake, containing by admeasurement five hundred and seven and five tenths (507.5) acres, more or less, be withdrawn from the operation of the Dominion Lands Act and be set apart for the said Indian.

Respectfully submitted,

Sir,

I hereby apply to purchase the fractional N.W. ¼ of 6-1-1 W. 4th. This land adjoins my own land on which I reside, viz: the E. ½ of 6-55-1 W. 4th, and my object in wishing to secure this, is that I may have access to the lake. It is quite an important matter to me that I secure this for grazing and water privileges.

Will you be good enough to give this matter your early and favorable consideration.

Yours truly.

N.E. ¼ 28-59-7-W. 4th M.
Homestead of John Robert Amos,
Deceased soldier.

I beg to advise you that the Department has received evidence of the regrettable death in action of your son, John Robert Amos, who appears to have held the above land under homestead entry, and it has been decided that patent for same may be issued in the name of the deceased without prejudice to the performance of any further settlement duties.

This act, however, be delayed for a reasonable period so that you may have an opportunity of stating whether you will take official notice of the issue of patent to be sent. Kindly advise the Department in this connection at your early convenience.

It may be explained that should patent issue in the name of the deceased, it would be forwarded to the Registrar of the Land Registration District in which the land is situated and transfer of title could be obtained through that official by complying with its requirements with regard to letters probate of will or letters of administration. On the other hand should it be desired to have patent issue direct to the legal representative this action could be taken provided a certified copy of Letters Probate of Will or a certified copy of Letters of Administration were filed here.

Your obedient servant,

Assistant Secretary.

Memorandum

Mr. Perrin

N.½ 27-74-5-W.6th Meridian.

Please see the Acting Deputy Minister's memorandum of the 1st instant, hereunder, requesting a report on a letter from Mr. D.M. Kennedy, M.P., in regard to the above land. Mr. Kennedy's letter states that a constituent of his applied to homestead this land but was advised that it was not available. He remarks that Webster is situated in this quarter-section but expresses the opinion that the whole quarter-section would not be required for townsite purposes.

This quarter-section is affected by the right of way of the Edmonton, Dunvegan and British Columbia Railway. The balance of the North half of the quarter-section is held under homestead entry and the balance of the South half of the quarter-section is reserved for townsite purposes. The particulars are as follows:

A right of way consisting of 17.24 acres was patented to the E.D. & B.C. Railway on the 12th January, 1922. A homestead entry for 62.94 acres of the Frl. North half of the quarter-section was granted to Julian Dzikoski on the 22nd December, 1923. The South half of the quarter-section is reserved for townsite purposes for the E.D. & B.C. Railway. A sketch will be found on File 3525677, hereunder, marked.

In view of the above circumstances it is apparent that there is no part of the quarter-section at present available for homestead entry.

The Committee of the Privy Council have had before them a Report, dated 17th December, 1920, from the Minister of the Interior, submitting as follows:-

That John Jacob Wood made entry for a homestead, described as the South West quarter of Section 30, Township 52, Range 3, West of the 5th Meridian, in the Province of Alberta, on the 14th December, 1916, a date subsequent to the date of his enlistment for active service with the Canadian Expeditionary Force during the late European War.

That Mr. Wood is not entitled to credit for his military service as residence and would, under ordinary circumstances, be required to fulfil the usual settlement conditions as to residence in accordance with the provisions of the Dominion Lands Act.

That Mr. Wood was, according to a statement from the Department of Militia and Defence dated the 16th December, 1920, struck off the strength of the Canadian Expeditionary Force on the 30th June, 1917, as being unfit for military service owing to short-sightedness, in no way due to military service, and

is unable to fulfil the residence conditions requisite for obtaining patent for his homestead.

The Minister, therefore, recommends that under and by virtue of the provisions of Subsection 2 of Section 20 of the said Act, the residence conditions of the entry be waived and that Mr. Wood be granted Letters Patent on proof of the performance of the other conditions as prescribed by law, provided, however, that he shall not be called upon to erect a dwelling house on the quarter section.

The Committee concur in the foregoing recommendation and submit the same for approval.

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

P.C. No.2047.

WHEREAS by an Order in Council, dated 6th September, 1919, (P.C. 1660), authority was given for the withdrawal from disposal under the provisions of the Quartz Mining Regulations of the available sodium chloride (common salt) rights in township 66, ranges 7 and 8, and township 67, ranges 8 and 9, west of the 4th initial meridian, to the end that prospecting operations for the discovery of that mineral being conducted, in the interests of the Province of Alberta;

And whereas the Minister of the Interior reports that representations have now been made by the Provincial Government of Alberta that in conducting diamond drill operations for the discovery of sodium chloride, a wide belt of gypsum has been discovered at a depth of five hundred feet, and the request has been made that the reservation already granted of the sodium chloride rights be extended so as to include the gypsum in the townships above described;

Therefore, in view of the large expenditure of time and money which the Provincial Government has incurred and is incurring in the search for minerals under the lands referred to, and as the gypsum mining rights are not reserved to the Crown in patents issued for the surface rights, His Excellency the Governor General in Council, on the recommendation of the Minister of the Interior, is pleased to authorize and doth hereby authorize the withdrawal for the present from sale, settlement or other disposal, the available surface and mining rights, the property of the Crown, in the right of the Federal Government, in the under township 66, ranges 7 and 8, and township 67, ranges 8 and 9, west of the 4th initial meridian, to the end of the Provincial Government of Alberta conducting further investigation of the gypsum deposit already referred to.

FORM 31A.

AT THE [illegible]

London, the [illegible] of August, 1920.

Present:

[illegible]

In [illegible].

P.C. [illegible]2647.

[illegible] by an Order in Council, dated 14th September, 1918, (P.C. 1870), authority was given for the withdrawal from disposal under the provisions of the Dominion Lands Regulations of the available sodium chloride (salt) rights in township 30, ranges 7 and 8, and [illegible]ship 31, ranges 6 and 7, west of the 4th initial meridian, to enable the Department of prospecting operations for the discovery of that mineral to be conducted, in the interests of the Province of Alberta;

And whereas the Minister of the Interior reports that representations have been made to him from time to time on behalf of persons that it would be desirable to encourage prospecting operations for the discovery of sodium chloride, a deposit of gypsum has been discovered at a depth of five hundred feet, and the Minister has been advised that the reservation from disposal of the sodium chloride rights as aforesaid does not include the gypsum in the townships above mentioned;

Therefore, in view of the large expenditure of time and money which the Provincial Government has incurred and is incurring in the search for minerals under the lands referred to, and to the extent to which rights are reserved to be given to patents issued for the surface rights, the Committee of Council, on the recommendation of the Minister of the Interior, are pleased to authorize and do hereby authorize the withdrawal for the present from sale, settlement or other disposal, the available surface and mining rights, the property of the Crown, in the name of the Federal Government, in [illegible] township 30, ranges 7 and 8, and township [illegible], ranges 6 and 7, west of the 4th initial meridian, to enable the Provincial Government of Alberta to continue prospecting operations for the discovery of the gypsum deposit already referred to.

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

P.C. No.2047.

WHEREAS by an Order in Council, dated 6th September, 1919, (P. C. 1660), authority was given for the withdrawal from disposal under the provisions of the Quartz Mining Regulations of the available sodium chloride (common salt) rights in township 62, ranges 7 and 8, and township 63, ranges 6 and 7, west of the 4th initial meridian, to enable of prospecting operations for the discovery of that mineral being conducted, in the interests of the Province of Alberta;

And whereas the Minister of the Interior reports that representations have now been made by the Provincial Government of Alberta that in consequence of such operations for the discovery of sodium chloride, a deposit of gypsum has been discovered at a depth of five hundred feet, and the request has been made that the reservation already created of the sodium chloride rights be extended so as to include the gypsum in the townships above described;

Therefore, in view of the large expenditure of time and money which the Provincial Government has incurred and is incurring in the search for minerals under the lands referred to, and as the gypsum which is not reserved to the Crown in patents issued for the said mineral rights, His Excellency the Governor General in Council, on the recommendation of the Minister of the Interior, is pleased to authorize and doth hereby authorize the withdrawal for the present from sale, settlement or other disposal, the available surface and mining rights, the property of the Crown, of the right of the Federal Government, in and under townships 62, ranges 7 and 8, and township 63, ranges 6 and 7, west of the 4th initial meridian, to the end of the Provincial Government of Alberta continuing further investigation of the gypsum deposit already referred to.

Ottawa, April 16, 1914.

MEMORANDUM.

re [illegible],-

The Pacific Great Eastern Railway Company was incorporated by an Act of the Province of British Columbia, dated 27th February 1912, and authorized to construct and operate a line of railway from the City of Vancouver to Fort George in the Province of British Columbia.

By an amending Act, dated 14th March 1914, this Railway Company is authorized to extend the railway from Fort George to the eastern boundary of the Province within or near the Dominion Peace River Block.

On the 23rd July last Mr. D'Arcy Tate, Vice-President of the Company filed plans, profile of the route of the railway, together with the Company's Act of Incorporation and amending Acts, and applied for lands required for right of way and station grounds within the Peace River Block.

The Company's application could not be granted as the Department has no authority to grant right of way privileges to railway incorporated under Provincial Charters.

By an Order-in-Council of the 6th ultimo (marked), the Minister is authorized to grant free right of way across Dominion Lands to provincially incorporated railway companies.

In a similar case the Department of Justice has advised this Department that the Order-in-Council gives no right to any company to a grant, but only authorizes the Honourable the Minister of the Interior to make such a grant if he thinks proper to do so.

I understand that the Pacific Great Eastern Railway Company is subsidiary to the Grand Trunk Pacific Railway Co. and is to connect with the Edmonton, Dunvegan and British Columbia Railway at the eastern boundary of the Province of British Columbia.

Recommend that Co. be granted privileges asked for. W.W.C.

J. K.
J.D.M.

In view of the above would you kindly say if this Company is to be granted right of way and townsite privileges.

Oahu April 21st, 1911.

Referring to the new section 11 of the Act
Amend, Freeholder, &c. &c. &c. with regard to the applic-
ation of the Pacific Coast Railway Company for
right of way and other privileges, I beg to state that
in the third paragraph thereof, which sets out the Company's
application, the words "Public Grounds" were inadvertently
used instead of the word "Homesteads".

Mr. Long's endorsement - "Returned that
Com. may be given Homestead Preference" was approved by
Mr. Mitchell. As however the rights of way and townsite
are mentioned in the Act, it is not necessary that "Homest
of the Governor, will give any further or other
reference to the Railway Company's privileges
also.

to acquire one whole section or four quarter-sections. Exceptional cases may be dealt with on their merits.

The Department will sell available vacant Dominion lands for townsite purposes at the rate of $3.00 per acre after a location plan of the right of way within the lands crossed thereby has been filed.

If a homesteader abandon his entry in favour of the Company for townsite purposes, the abandonment is permitted, the entry cancelled and the land sold to the Company at $3.00 per acre. The entrant retains the right to make a homestead entry elsewhere.

Lands held under volunteer scrip warrant may be abandoned in favour of the Company for townsite purposes and the land sold by the Department to the Company at $7.00 per acre. The entrant relinquishes the right to location elsewhere in lieu of the land abandoned.

With reference to the plan furnished the Department by Mr. D'Arcy Tate on the 18th September last showing lands which the Company desires for townsite purposes, I beg to advise you that under the Department al practice above quoted the request of the Company for all the lands shown thereon cannot be granted. It will therefore be necessary for the Company to reduce their application to 160 acres at each townsite point, and also to reduce considerably the number of townsites for which they have made application.

Your obedient servant,

(Sgd.) F. C. C. Lynch.

Ottawa, 4th May, 1915.

Dear Sir:-

With reference to the application of the Pacific Great Eastern Railway Company for right of way and townsite privileges, I beg to advise you that it has been decided to grant to the Company free right of way on the usual conditions, as follows,-

Right of way for the Company will be reserved across available Dominion lands on the Company furnishing the Department with a list of the lands across which it desires right of way or on the filing in the Department of location plans showing the quarter-sections crossed by the right of way. On the 15th June last the Company filed three blue Print plans showing the location of their line, but as the quarter-sections crossed thereby are not shown, reservation for right of way cannot be made therefrom.

Before patent for right of way can be issued it will be necessary to file a plan of the Railway as constructed. This plan must be signed by a Dominion Land Surveyor, approved by the Surveyor General and certified to by the Resident of the district through which the Railway runs.

Encl.

Before patent can be issued for right of way through timber berths the Railway must submit evidence that the licensee of the berth has been settled with in accordance with subsection "m" of section 17 of the Timber Regulations, a copy of which is herewith.

With regards to right of way through Forest Reserves, section 16 of the Dominion Forest Reserves and Parks Act provides as follows:-

"The Governor in Council may sell or lease land within a reserve when such land is required for the right of way or station grounds of any railway, but such land, subject to the use for which it is sold or leased, shall still be part of the reserve within which it is situate; and if any such land ceases to be used for the purpose for which it was sold or leased it shall forthwith revert to the Crown."

It has also been decided to grant the Company townsite privileges under the right of way on the usual conditions, viz.,-

The Company is not permitted to acquire more than one quarter-section of adjoining Dominion lands for townsite purposes. For a divisional point the Company will be permitted to acquire

Gentlemen:-

With reference to your letter of the 11th May last with respect to the application of the Pacific Great Eastern Railway for right of way and townsite privileges in the Fraser River block, I beg to advise you that nothing further has been heard from the Company in the matter.

In this connection I beg to refer you to the last paragraph of my letter of the 4th May last in which you were advised that it would be necessary for the Company to reduce its application for townsite privileges as shown on the plan which accompanied Mr. D'Arcy Tate's of the 18th September 1914 to 160 acres at each townsite point except divisional points and also to reduce correspondingly the number of townsites for which it made application. As some of the lands covered by the Company's application are now being dealt with in connection with other applications it will be necessary for the Company to deposit the amount of the early [illegible] in order that reservation may be made of the same.

Mr. Ouell.

I am sending you herewith the preliminary plan of Township 7s, Range 17, West of the 5th Meridian. You will find noted against parts of sections 14 15 and 23 file 319455 which contains an application for a townsite in the sections mentioned. Please say if this application will interfere with the throwing open for entry of these lands.

[illegible]

Sir,

I am directed to acknowledge the receipt of your letter of the 30th ultimo, and to inform you that the Company is incorporated by an Act of the Parliament of Canada, and is authorized to construct a line of railway from Vancouver to Fort George and thence to the eastern boundary of the Province within or near the Dominion Peace River block. On the 23rd July 1914 Mr. D'Arcy Tate, Vice-President of the Company, filed blue prints of the route of the railway and applied for lands required for right of way outside the Peace River block. As these plans did not show the quarter-sections crossed by the railway reservation for right of way could not be made for the Company which resolved accordingly.

On the 25th September 1914 Mr. Tate forwarded blue print plans and applied for lands in the Peace River block required by the Company for terminal purposes. This application is for one or more sections in a township covered by an area recently in excess of that which may be acquired under the usual practice of the Department. It was decided to give the Company the usual right of way and timber privileges, but on the 21st May last the Company was advised that it would be necessary for it to reduce its application to 160 acres at each terminate point and also to reduce considerably the number of townships for which it had made application. The Company has not advised us, up to date, of its decision in the matter.

Some of the lands applied for are in townships which it is now intended to throw open for entry. Will you please say if the lands applied for should be reserved for the Company or whether they may be thrown open for entry.

re Pacific Great Eastern Railway and
Peace River block

Dear Sir.-

In accordance with your communication on the subject of this application, I am handing you to-day one tracing and one-blue-print showing in green the parcels of land desired for townsites by the Railway Company in the PeaceRiver Block. These parcels have been reduced in area to 160 acres in accordance with the Departmental letter of October 28th last.

The Railway Company feel in making this reduction that is desired by the Government that it is too large and that at least one-half a section might be given them. You will fully appreciate the importance of this line to the Dominion and also the fact that it has never received one dollar of Dominion aid.

I trust that reconsideration may be given to the subject and that at least one-half a section will be given where one-quarter section is shown on the map.

I mbeg to remain

Yours respectfully.

Dear Sir:-

In reference to your letter of the 1st instant making application on behalf of the Pacific Great Eastern Railway Company for certain lands for townsite purposes, I beg to advise you that the Agent of Dominion Lands at Grande Prairie has been instructed to reserve those lands for the purpose, if available, and to report in the matter. In December 1915, the Pacific Great Eastern Railway Company made application for the above described lands for townsite purposes.

On the 22nd December 1916, the Company were asked if they still required certain of these lands and on the 24th January 1917, the Company's solicitors replied as follows:-

"The Chief Engineer of the Company informs us that all these lands will be required for the purposes of the Pacific Great Eastern Railway Company whatever the line is constructed through the Peace River Block as now located. He further states that these lands should be reserved for the Railway so that they will be available for its use as soon as the Railway is built which it is expected to be in the near future."

A considerable amount of land in this vicinity has been reserved for Soldier Settlement purposes and as the Company have not filed in the Department plans of their right of way across these lands and as it appears that the construction of this line may not be proceeded with for some time will you please say if the above described lands should still be reserved for the Company.

In December 191[illegible], the Pacific Great Eastern Railway Company made application, through their Solicitors Messrs. Pringle and Guthrie, Ottawa, to purchase the above described lands for townsite purposes.

On the 26th ultimo, Messrs. Pringle and Guthrie, in reply to an enquiry from this Department, state that they have not acted for the Pacific Great Eastern Railway Company for some time, but that they understand that the Provincial Government of British Columbia is now in control of this Railway.

[illegible] the lands reserved for the Railway Company are within the area reserved for Soldier Settlement purposes, and as the Company has not filed in the Department plans of their right of way through these lands, I beg to request that you advise this Department as to whether this Railway is now under the control of the Provincial Government and, if so, whether these lands are still required for townsite purposes.

Patents are issued from "as constructed" plans. These plans must bear the certificate of the Board of Railway Commissioners or of the Provincial Minister of Railways in the case of provincial chartered railways, be signed by a Dominion Land Surveyor and be approved by the Surveyor General.

Townsites.

Previous to 1910 it was the practice to allow entrants to assign their homesteads to Railway Companies for townsite purposes and to allow the latter to acquire the same on payment of $1 per acre. The homesteader was not permitted to make entry again. This was decided upon by the Hon. Mr. Sifton in 1904 and concurred in by the Hon. Mr. Oliver in 1906.

In December 1909 the basis of the present practice was decided upon and was approved by the Hon. Mr. Oliver. The present practice is briefly as follows.

The Department sells lands to Railway Companies for townsite purposes after location plans have been filed for right of way. A Company is not permitted to acquire more than one quarter section at each townsite point or four quarter sections at a divisional point, exceptional cases being, however, treated on their merits. Each case of the sale of land for townsite purposes is submitted for approval.

Vacant Dominion Lands are sold at the rate of $3 per acre. When the entrant of a homestead or purchased homestead abandons in favour of a Railway Company the abandonment is permitted and the land sold to the Company at $3 per acre. In the case of an abandonment of a pre-emption or volunteer scrip location the land is sold to the Company at $5 per acre. A homesteader who abandons his entry for townsite purposes retains the right to make a homestead entry elsewhere, but this privilege does not apply to the abandonment of purchased homestead, pre-emption or volunteer scrip entries.

The sale of land to the Grand Trunk Pacific Development Company, Limited, for townsite purposes was authorized by Order in Council, which empowered the Minister to sell the land to the Company at $3 per acre and to enter into an agreement whereby one-fourth of the net proceeds realized by the Company from the disposal of the lands should be paid to the Government.

Respectfully submitted,

THE DEPUTY MINISTER:-

With reference to the phone enquiry from your office as to the practice of the Department relative to the granting of railway right of way and railway townsites I beg to report as follows,-

Railway Right of Way.

By Order in Council of the 15th July, 1886 the Minister of the Interior is authorized to grant free right of way through even numbered sections of Dominion lands to such Colonization Railway Companies as have obtained Acts of Incorporation from the Parliament of Canada upon the Company filing in the Department certified copies of approved location and as constructed plans. This Order in Council was extended to cover odd numbered sections by Order in Council of the 13th July 1895 and was further extended to cover Provincial chartered railways by Order in Council of the 6th March 1915.

Where a Railway Company applies for right of way for either its main line or any of its branches the matter is submitted for approval before any action is taken. In the case of the Canadian Pacific Railway and the Grand Trunk Pacific Railway the Companies are granted free right of way across Dominion lands by statute.

Railway Companies make application for reservation of right of way either by a list of the lands crossed by the railway or by the filing of a plan of location of the line. The necessary reservations are then noted in the records of the Department and the Agent of Dominion Lands is advised to reserve free right of way where the land is available and from any subsequent entry in case of cancellation of an existing entry. The date of the receipt of the Company's application in the Department is taken as the governing date in such cases.

A homesteader is allowed to assign such portion of his homestead as is required for right of way and station ground purposes, and the same is granted by the Department free to the Company. In the case of an assignment of the land required for right of way across a purchased homestead or pre-emption the Company is required to pay the Department at the rate of $3 per acre for the land. The matter of compensation to the entrant is one to be settled between himself and the Company.

Severances, which are small areas usually in the corner of a quarter-section cut off from the balance of the quarter-section by railway right of way, are sold to Railway Companies at $7.50 per acre with a minimum charge of $2 in each case. Areas of 10 acres or over are sold at a Homestead Inspector's valuation.

MEMORANDUM.

Re Disposition of Railway Right of Way and Station Grounds to Railway Companies.

With reference to your memorandum of the 24th ultimo hereunder, respecting the policy of the Department in connection with Railway Right of Way and Station Grounds, I beg to report as follows:-

(1) In cases where land required for Right of Way, Extra Widths or Station Grounds is shown on the final plan of right of way, approved by the Board of Railway Commissioners.

(a) If lands affected are available Dominion Lands the Department issues patents to the Company under a free grant.

(b) If lands affected are entered for as homestead the Department acts to transfere from the entrants in favour of the Company and issues patents under a free grant.

(c) If lands affected are entered for as pre-emption or purchased homestead, the Department accepts transfere from the entrants in favour of the Company, but the Company must pay the Department at the rate of $3.00 per acre.

Before sale of quarter section or section Townsite land (at $3.00) submit case to me through A.L.M's office.

A.M.

In cases where land required for extra Width or Station Grounds is not shown on the final plan of Right of Way, approved by the Board of Railway Commissioners.

(a) If lands affected are available Dominion Lands the lands required are sold to the Company at a valuation by a Department Inspector.

(b) If lands affected are entered for but not patented and the Company files a transfer from the entrant, the land required is sold to the Company at the rate of $3.00 per acre.

In cases of diversion of a railway, free grants are not made to a company if patent has already been issued for the original Right of Way.

Free grants, however, may be made for two separate and different branch lines of the same company. Lands required for a diversion are dealt with in the same way as lands required for Extra Widths and Station Grounds not shown on final plan.

Respectfully submitted,

(Sgd) N. C. Cote,

Controller.

J. A. Cote, Esq.,
Acting Deputy Minister.

The Department has no authority under which it may issue free grants of vacant Dominion lands required by railway companies for townsite purposes. The usual practice of the Department in cases of this nature is to sell the land applied for by a railway company, if upon investigation it is found to be in the public interest, at the rate of $3.00 per acre. Land required for right of way purposes across vacant Dominion lands is, however, granted free. I would therefore ask for instructions in this matter.

In this connection I beg to draw attention to the Minister's ruling, on Mr. W. A. Cote's memorandum of the 1st October last, as follows:-

"Before sale of quarter-section [illegible] townsite land (at $3.00) submit case to the Deputy Minister's office".

Respectfully submitted,

MEMORANDUM

MR. KEY.-

The Pacific Great Eastern Railway Company was incorporated by an Act of the Province of British Columbia on the 27th Feb. 1912, and authorized to construct and operate a line of railway from the city of Vancouver to Fort George, British Columbia, and by an enactment dated the 14th March 1914, the Company was authorized to extend the railway from Fort George to the eastern boundary of the Province within or near the Dominion Peace River Block.

In 1914, Mr. D'Arcy Tate, Vice-President of the Company made application to have lands, in the Peace River Block, required for right of way and townsite purposes reserved for the Company.

It was decided in April 1914, to grant this Company right of way and townsite privileges on the usual conditions.

As the Company has not, as yet, filed in the Department location plans of their right of way and as a considerable portion of the lands applied for are within the area reserved for Soldier Settlement purposes, the Department on the 3rd ultimo wrote Mr. J. R. Mallen, Deputy Minister, Department of Lands, Victoria, B. C. in this connection, and on the 31st idem the Honourable John Oliver, Premier and Minister of Railways, replied as follows:-

> "The Government of the Province owns all the shares of the Pacific Great Eastern Railway Company, and it is equally necessary for the Railway Company under Government ownership to obtain every advantage from sale of townsites, etc., as was necessary under its private ownership.
>
> The Company, therefore, wish to preserve any rights they now hold and to complete the same. We therefore ask for a continuance of the reserve and advices as to whether or not the Dominion will give the Pacific Great Eastern Railway Company (that is to say, the Government) free grants to the same, as per request dated Dec. 1915."

Mr. [illegible],
Director of Forestry Branch:-

The Pacific Great Eastern Railway Company has made application for free right of way across lands situated in the Peace River block. Will you please advise me if section 17 of the Dominion Lands Forest Reserves and Parks Act which provides for the disposal of lands in Forest Reserves required by Railway Companies for right of way purposes is still in force or if same has been amended. The section referred to reads as follows:-

"The Governor in Council may sell or lease [illegible] a railway company [illegible] for the right of way or station grounds of any railway, at such time, and at such rate per [illegible], as [illegible] still be fixed [illegible] the railway [illegible] for the time being [illegible] or [illegible] the Department".

R. R. Dodd

Superintendent.

The Department will sell available vacant coal on lands for townsite purposes at the rate of $2.00 per acre after a location plan of the ground including the land proposed thereby has been filed.

If a townsite cannot be agreed upon between the company and townsite authority, the assignment is permitted, the entry cancelled and the land sold to the Company at $2.00 per acre. The Department reserves the right to make a reasonable charge for timber.

Where only a few vacant coal lots are required for the development of the mine, the Department may, upon application, lease the lots at a rental of $1.00 per acre.

Deputy Minister.

In spite of the possibility that these lands have been taken into consideration in arriving at the awards, I think, in view of their being homestead lands, we would be but complying with the spirit of the Transfer Agreement if we transferred them to the Provinces. Could it not be done on the understanding that such action is not to be accepted as establishing a precedent?

I recommend that the opinion of the Departmental Solicitor be obtained.

Mr. [illegible]

Re - [illegible] 4th Par.
Cancelled entry of Henry [illegible]n.

I herewith return your file [illegible] in regard to Mr. [illegible]'s memorandum of the 1st instant. Heretofore, would say that Dominion Counsel before the Natural Resources Commission stated repeatedly that as a matter of government policy the Dominion was turning over to the Provinces any parcels which were not required for Dominion purposes and only asking for reimbursements to the extent of Dominion outlay where the parcel had been purchased or to the extent of the present value of the improvements in other cases.

Under the circumstances it would seem desirable that a memorandum to Council should be prepared for our Minister's signature recommending that this parcel be turned over to the Province.

Deputy Minister.

AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday the 21st day of January, 1936

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

WHEREAS Section 13 of the Alberta Natural Resources Transfer Agreement (ratified and given the force of the law by the British North America Act, 1930) provides that all interest in Crown lands in the Province, upon the security of which any advance has been made under the provisions of the Soldier Settlement Act and amending Acts, shall continue to be vested in and administered by the Government of Canada for the purposes of Canada;

AND WHEREAS the Minister of the Interior reports that a charge made against the South west quarter of Section 18, Township 20, Range 2, West of the 4th Meridian to secure loans advanced under the Soldier Settlement Act prior to the transfer of the natural resources, was recently withdrawn;

AND WHEREAS the Minister is of the opinion that it would be in the public interest to place the Province of Alberta in a position to administer this land along with those already transferred;

NOW, THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of the Interior is pleased to order that the interest of the Crown in the South west quarter of Section 18, Township 20, Range 2, West of the 4th Meridian, in so far as such interest is now vested in the Crown in the right of the Government of Canada, be and it is hereby transferred to the said Province, subject to any trusts existing in respect thereof, and to any interests other than that of the Dominion in the same.
